

Responsible Procurement Policy

Aarti Pharmalabs Limited (APL) has embraced sustainability as the key guiding force that drives our actions to practise 'Right Chemistry' for 'A Healthier Tomorrow'. APL acknowledges the concern of the supply chains and is committed to establish industry benchmarks in Sustainable Development.

This policy is applicable to all contractors, suppliers, transporter, service provider and business partners of APL's

As a responsible corporate citizen, our Vision is to emerge as a 'Global partner of choice' to leading consumers of active pharmaceutical ingredients and intermediates by delivering reliable products manufactured through responsible operations and sustainable sourcing. We are always focussed on delivering stakeholder value through consistently integrating our core values of 'Care', 'Integrity', and 'Excellence' into our core business operations.

We strive to

- Encourage contractors, suppliers, transporters, service providers, and business partners to ensure full compliance with applicable legal and other requirements related to Occupational Health, Safety, Environment, and Quality.
- Promote adherence to all relevant Environmental, Social, and Governance (ESG) aspects that have a significant impact on business operations.
- Give priority to the purchase of locally available materials/products of high quality to minimise APL's overall Environment footprint;
- Procure goods and services from suppliers who comply with APL supplier code of conduct;
- Include criteria such as environmental and social impact in suppliers assessment along with criteria of quality while procuring goods and services;
- Monitor supply chain for ESG related aspects mentioned in the APL Supplier Code of Conduct which will help develop an action plan for the same;
- Work with suppliers, vendors and business partners for continual improvement of processes. We welcome feedback from all stakeholders to strengthen our systems and processes;
- Set, monitor, benchmark and review objectives and targets on procurement performance and continually improve them by implementing management programs;
- Communicate Responsible Procurement Policy and achievement of relevant key performance indicators to employees, contractors, customers, community, business associates, and interested parties on a regular basis;
