Independent Auditors' Report on Audit of Consolidated Financial Results for the year-to-date results for the period 1 April 2022 to 31 December 2022.

To Board of Directors of Aarti Pharmalabs Limited

Report on the audit of the Consolidated Financial Results

Opinion

We have audited the accompanying Statement of Consolidated Financial Results of Aarti Pharmalabs Limited ("Holding company"), its subsidiaries and joint controlled entity (together referred to as "the Group") for the period from 1 April 2022 to 31 December 2022 ("the Statement"), being submitted by the Holding company pursuant to regulatory requirements required for the purpose of filing application to exchanges for obtaining trading approval of its equity shares.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on separate financial statements/ financial information of subsidiaries (refer other matter paras), the Statement:

- 1. includes the results of the following entities:
 - a. Subsidiaries
 - i. Aarti USA Inc
 - ii. Aarti Pharmachem Limited
 - b. Joint Controlled Entity
 - Ganesh Polychem Limited
- 2. are presented in accordance with the regulatory requirements required for the purpose of filing application to exchanges for obtaining trading approval of its equity shares.
- 3. give a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS-34") prescribed under section 133 of the Companies Act 2013 read with relevant rules thereunder and other accounting principles generally accepted in India of the consolidated net profit and consolidated total other comprehensive income and other financial information of the Group for year to date results for the period from 1 April 2022 to 31 December 2022.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Results section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Consolidated Financial Results.

These year-to-date consolidated financial results have been prepared on the basis of the interim financial statements.

The Holding Company's Board of Directors are responsible for the preparation and presentation of these consolidated financial results that give a true and fair view of the net profit and other comprehensive income and other financial information of the Group in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, 'Interim Financial Reporting' prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with regulatory requirements. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial results by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial results, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the consolidated financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial results, including the disclosures, and whether the consolidated financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the entities within the Group to express an opinion on the consolidated Financial Results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial results of which we are the independent auditors. For the other entities included in the consolidated Financial Results, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the interim consolidated financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the interim consolidated financial results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the interim consolidated financial results.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial results of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

I. Comparative Audited Consolidated Financial Results

The comparative audited consolidated annual financial results (comprising of pharma business undertaking and investment in subsidiaries and joint controlled entity received by the Holding Company as per scheme of arrangement) for the period 1 July 2021 (Appointed date) to 31 March 2022 were audited by erstwhile statutory auditors, Kirtane & Pandit, LLP (FRN: 105215W/W100057), Chartered Accountant of Aarti Industries Limited ("Demerged Company") whose annual auditors report on demerged company consolidated financial results dated 27 May 2022 had expressed an unmodified opinion on financial statements.

Our opinion is not modified in respect of above matter.

II. Effect of Scheme of Arrangement

a) The Scheme of Arrangement for the demerger of Pharma Business Undertaking from Aarti Industries Limited ("the demerged company") to its wholly owned subsidiary Aarti Pharmalabs Limited ("the resulting company" or "the Holding Company") between the two companies and their respective shareholders under Sections 230 to 232 of the Companies Act, 2013 ("Act") and all other applicable provisions of the Companies Act, 2013 ("the Scheme") was approved by Honourable National Company Law Tribunal (NCLT), Ahmedabad Bench on 21 September 2022. Accordingly, all the assets and liabilities pertaining to the Pharma Business Undertaking, including supporting manufacturing units, employees, cash and cash equivalents and investments (including investments in subsidiaries and joint ventures), as defined in the Scheme, stand transferred and vested into the Company from its Appointed Date i.e. from 1 July 2021. Pursuant to demerger, investments in subsidiaries, namely, Aarti USA, Inc, Aarti Pharmachem Limited and

chartered accountants

investment in joint controlled entity namely, Ganesh Polychem Limited was transferred to the Holding Company. Further investment of Demerged Company in Aarti Pharmalabs Limited (earlier known as Aarti Organics Limited) is cancelled and as a result no longer remains subsidiary of the demerged company.

- b) Pending receipt of the NCLT Order approving scheme of arrangement, consolidated financial statements of the demerged company (before giving effect to scheme of arrangement) for the year ended 31 March 2022 were approved by the Board of Directors of demerged company in their meeting held on 27 May 2022 and audited by erstwhile statutory auditors (refer para I above). Subsequently, the same were approved by their shareholders in the general meeting held on 26 September 2022.
- c) We, Gokhale & Sathe, Chartered Accountants (FRN: 103264W) were appointed as statutory auditors of the Company to fill casual vacancy caused due to resignation of Jatin Vora & Associates, Chartered Accountants, through resolution passed by shareholders of the Company through postal ballot on 10 January 2023.
- d) The management of the Company approached us to perform agreed upon procedures on consolidated financial results prepared to give effect to scheme of arrangement. Accordingly, we have performed agreed upon procedures as per Standard on Related Services (SRS) 4400, "Engagements to Perform Agreed-upon Procedures regarding Financial Information", issued by the Institute of Chartered Accountants of India and we report that as follows.
 - consolidated financial results prepared by the management of the Holding Company (comprising of pharma business undertaking along with investment in subsidiaries and joint controlled entity received as part of scheme of arrangement) for period 1 July 2021 to year ended 31 March 2022 is as per accounting treatment and information mentioned in the scheme.
 - It is drawn from consolidated financial statements prepared and audited by erstwhile statutory auditors of Demerged Company as mentioned in I above.
 - It is extracted from the books of accounts maintained by the Demerged Company having records/information maintained for pharma business undertaking and speciality chemical business.

III. Financial Results of Subsidiaries/Jointly Controlled Entity not audited by us.

The consolidated financial results include the audited financial results of 2 subsidiaries (including 1 foreign subsidiary) and 1 joint controlled entity whose interim financial Results/ financial information reflects total revenues of Rs. 33004.22 lakhs and total net profit after tax (net) of Rs. 1929.15 lakhs for the period from 1 April 2022 to 31 December 2022 respectively, as considered in the consolidated financial results, which have been audited by their respective independent auditors. The independent auditors' reports on interim financial statements/Financial Results/financial information of these entities have been furnished to us and our opinion on the consolidated Financial Results, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditors and the procedures performed by us are as stated in paragraph above.

Our opinion is not modified in respect of above matters.

AARTI PHARMALABS LIMITED (Formerly Known as Aarti Organics Limited) Corporate Information and Significant Accounting Policies:

A. Corporate Information

AARTI PHARMALABS LIMITED ("the Company") is a Public Limited Company incorporated under the provisions of the Companies Act, 2013. During Fy 2021-22, Company has change its name from Aarti Organics limited to Aarti Pharmalabs limited and same is approved at ROC. Necessary changes has been incorporate in all places including MOA & AOA. During Fy 2021-22 Company has changed its Regsitered Office to Plot No. 22/C/1 & 22/C/2, 1st Phase, G.I.D.C. Vapi, District Valsad Gujarat – 396195 and same is approved at ROC.

The Honourable NCLT - Ahmedabad Bench has approved the scheme of arrangment between Aarti Industries Limited, Aarti Pharmalabs Limited and their shareholders on 21 September, 2022; pursuant to which, the Pharma Undertaking of Aarti Industries Limited is transferred to the Company w.e.f. Appointment Date (i.e. with effect from 1st July, 2021).

The Company is into Manufacture of Active Pharmaceuticals Ingredients ("APIs"), Manufacture of API / KSM intermediates and Xanthine derivatives for the pharmaceutical and food/beverages industry. Company is specialise in generic APIs, generic intermediates, and xanthine derivatives. Company also provides CDMO services for drug substance/NCE development and manufacturing for innovative pharmaceutical and biotech firms with a focus on the Ph-I/II/III, launch, and commercial phases. Company has dedicated facilities for the production of HPAPIs, corticosteroids, cytotoxic medicines, and oncology products

Manufacturing Units of the Company are located at Maharashtra & Gujarat State at various locations

B. Significant Accounting Policies

B.O The Consolidated Financial Statements comprise financial statements of Aarti Pharmalabs Limited ("The Holding Company"), subsidiaries and joint control entity. The principal activities of the Group consist of manufacturing and dealing in Pharmaceuticals, Nutraceuticals & chemicals. In preparing Consolidated Financial Statements, financial statements of below entities are considered.

| (i) | Background: | | | |
|-----|--------------------------|---------|-------|---------|
| | Name of the Subsidiary | Country | | (%) |
| | Indian Subsidiary: | | | 0.4 |
| (i) | Aarti Pharmachem Limited | | India | 100.00% |
| | Foreign Subsidiary: | | | |
| (i) | Aarti USA Inc. | | USA | 100.00% |
| | Joint Control: | | | |
| (i) | Ganesh Polychem Limited | | India | 50.00% |

(ii) Basis of Prepration and Presentation:

Significant Accounting policies and Notes to these Consolidated Financial Statements are intended to serve as a means of informative disclosures and a guide to better understanding of the

The Consolidated Financial Statements of the Group have been prepared in accordance with Indian Accounting Standards (IND AS) notified under the Companies (Indian Accounting Standards) Rules 2015 and amended by the Companies (Indian Accounting Standards) (Amendment) Rules 2016.

(iv) Principles of Consolidation:

- (i) The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standard (Ind AS) 110 Consolidated Financial Statements & Indian Accounting Standard (Ind AS) 28 Accounting for Investments in Associates in Consolidated Financial Statements and Indian Accounting Standard (Ind AS) 111 Joint Arrangements.
- (ii) The Consolidated Financial Statements are prepared using the Financial Statements of the Parent Company Subsidiary Companies and Joint Control Entity drawn up to the same reporting date i.e 31st Dec 2022
- (iii) In case of Foreign Subsidiary revenue items are consolidated at the average rate prevailing during the period. All Assets (except Fixed Assets) and liabilities are converted at the rates prevailing at the end of the year. In case of Fixed Assets the same is consolidated at the rate applicable in the year of acquisition of the said assets. Any exchange difference arising on consolidation is recognised as Translation difference in Reserves & Surplus.
- (iv) The consolidation of financial statements of the Parent Company and its Subsidiaries is done on line by adding together the book values of the like items of assets liabilities income and expenses after eliminating all significant intra-group balances intra-group transactions and unrealized profit or loss except where cost cannot be recovered. The results of operations of a subsidiary are included in the consolidated financial statements from the date on which the parent subsidiary relationship came into existence.
- (v) Both the subsidiary consolidated are 100% subsidiary & there is no Non Controlling Interest as at balance sheet date
- (vi) As far as possible the consolidated financial statements have been prepared using uniform Accounting Policies for like transactions and other events in similar circumstances. Differences in Accounting Policies if any will be disclosed separately.
- (vii) Investments in Associates are accounted for using equity method in accordance with Indian Accounting Standard (Ind AS) 28 "Accounting for Investment in Associates in Consolidated Financial Statements" under which the investment is initially recorded at cost identifying any goodwill or capital reserve arising at the time of acquisition. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the share of net assets of the associate. However the share of losses is accounted for only to the extent of the cost of investment. Subsequent profits of such Associates are not accounted for unless the accumulated losses are recouped.
- (viii) Investments in joint operations are accounted using the Proportionate Consolidation Method as per Indian Accounting Standard (Ind AS) 111. "Joint Arrangements"

B.1 Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- a. Certain financial assets and liabilities that are measured at fair value; and
- b. Defined benefit plans Plan assets measured at fair value.

These Consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) (Amendment) Rules, 2015 amended from time to time and other relevant provisions of the Act.

Company's Financial Statements are presented in Indian Rupees ('), which is also its functional currency and all values are rounded to the nearest Lakhs ('00,000), except when otherwise indicated.

The financial statements of the Company for the Period onded 31.12.2022 were approved for issue in accordance with a resolution of the Board of Directors in its meeting held on 17th January, 2023

B.2 Critical Accounting Estimates.

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in subsequent financial years.

(a) Useful Lives of Property, Plant and

Property, plant and equipment represents a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(b) Defined Benefit Plans (Gratuity)

A liability in respect of defined benefit plans is recognised in the balance sheet, and is measured as the present value of the defined benefit obligation at the reporting date less the fair value of the plan's assets and is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(c) Provisions and Contingent Liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

(d) Provision for Income Tax and Deferred

The Company uses estimates and judgements based on the relevant rulings in the areas of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax at the end of each reporting period.

B.3 Summary of Significant Accounting

(a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is considered as Current, when -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment (PPE)

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

(c) Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of intangible assets.

(d) Valuation of Inventories

Inventories are valued at Cost or Net Realizable Value whichever is lower.

Inventories have been valued on the following basis:

- a. Raw Materials, Packing Material, Stores and Spares Weighted Average cost or net realisable value, whichever is lower
- b. Work-in-Progress At cost plus appropriate allocation of overheads or net realisable value, whichever is lower
- c. Finished Goods At cost plus appropriate allocation of overheads or net realizable value, whichever is lower.

(e) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments that are readily convertibe to known amounts of cash and which are subject to an insignificant risk of changes in value.

(f) Revenue Recognition

- (i) Revenue from Sale of Goods to customers is recognised when control of the goods is transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. Generally, control is transferred upon shipment of goods to the customer or when the goods are made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped. Sale of goods is recognized on dispatch of goods to customers and is recorded net of claims, etc., as considered appropriate. Revenue from Sale of Scrap and obsolete stores is accounted for at the time of disposal.
- (ii) Export entitlements are recognized on realization.
- (iii) Revenue in respect of Interest is recognized on the time proportion method.
- (iv) Industrial Promotion Incentive granted by State Government is recognised when claim in respect of Entitlement is made & admitted after close of yearly Sales Tax Assessment.
- (v) Dividend Income is recognised when the Company's right to receive the amount has been established.

(g) Government Grants

- (i) Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.
- (ii) Government grants are recognised in Profit and Loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to Profit and Loss on a systematic and rational basis over the useful lives of the related assets.
- (iii) In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

(h) Depreciation/Amortization

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II;

| Sr. No. | Particulars | Depreciation or Amortisation |
|---------|---|--|
| 1. | Leasehold Land | Over the remaining tenure of lease |
| 2. | Building | Over a period of 19 years |
| 3. | Plant & Machinery | Over its useful life as technically assessed, i.e over a |
| | | period of 19 years, based on the type of Equipment |
| 4. | Computers | Over a period of 2.5 years |
| 5. | Office Equipments | Over a period of 5 years |
| 6. | Furniture and Fixtures | Over a period of 10 years |
| 7. | Vehicles | Over a period of 7 years |
| 8. | Intangible Assets (Product Registration Rights) | Over a period of 5 years |
| | | |

(i) Impairment of Assets

Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of net selling price of an asset or its value in use. Value in use is present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

(j) Foreign Currency Transactions

Foreign currency transactions are accounted at the rates prevailing on the date of the transactions. The exchange rate differences arising out of such transactions are approxiately dealt in the financial statements in accordance with the applicables accounting standards.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

(k) Operating Leases

As a lessee:

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

As a lessor:

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Standalone Balance Sheet based on their nature. Leases of property, plant and equipment where the Company as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalised at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognised in the Standalone Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

(I) Finance Costs

Borrowing Costs other than those directly attributable to Qualifying Assets are recognised as expenses in profit or loss in the period in which they are incurred.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of the asset.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

(m) Provisions, Contingent Liabilities and

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities may arise from litigation, taxation and other claims against the Company. Where it is management's assessment that the outcome is uncertain or cannot be reliably quantified, the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote such contingent liabilities are disclosed in the notes but are not provided for in the financial statements.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

(n) Employee Benefits

Short-term Benefits

Short term employee benefits including accumulating compensated absences are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

Post-retirement Benefits

Defined Contribution Plans

Retirement Benefits in the form of Provident Fund which is a defined contribution schemes is charged to the statement of profit and loss for the period in which the contributions to the fund accrue as per the relevant statute.

Defined Benefit Plans

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972

The gratuity liability amount is contributed by the Company to the gratuity fund maintained with Life Insurance Corporation of India, exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurements of Defined Benefit Plans in respect of post-employment are charged to the Other Comprehensive Income.

(o) Taxes on Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in Equity, in which case, the tax is also recognised in Other Comprehensive Income or Equity.

Current Tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred Tax

Deferred tax is recognised on temporary differences between carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

Minimum Alternate Tax (MAT)

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period i.e., the period for which MAT Credit is allowed to be carried forward. The Company reviews the same at each balance sheet date.

Financial Instruments

Financial Assets

Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

Subsequent Measurement

Financial assets measured at

A financial asset is measured at Amortised Cost, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets measured at Fair

Value Thrauah Other Comprehensive
A financial asset is measured at FVTOCI, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets measured at Fair

A financial assets, which are not classified in any of the above categories are measured at FVTPL.

All equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. Equity Investments in Subsidiaries are carried individually at cost less accumulated impairment, if any.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses, 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or - Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial

For Trade Receivables, the Company applies 'simplified approach', which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk, full lifetime ECL is used.

Øè Financial Liabilities

Initial Recognition and Measurement

All financial liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

ent Measurement

Financial liabilities are carried at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

Derecognition of Financial Instruments

The Company derecognises a financial asset, when the contractual rights to the cash flows from the financial asset expires, or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet, when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Earnings Per Shares

Basic earnings per share are calculated by dividing the Profit or Loss for the period attributable to equity shareholders by the weighted er of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the Profit or Loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

- The Honourable High Cout of Ahemedabad has approved the scheme of Arrangment on 21st September, 2022. Pending allotment of share as at Balance sheet Date, Share capital of Rs 4531.30 lakhs as approved Under Scheme of Arrangment is shown as Share capital pending for Allotment. Pursuant to the Scheme of Arrangment, Aarti Pharmalabs Limited has issued to the Equity Shareholders of Aarti Industries Limited -For every 4 equity shares of Held in Aarti Industries Limited, 1 Equity Shares of Face Value Rs 5 each of the Company
- Pursuant to Scheme of Arrangment Authorised share capital is Increased to 100000000 Shares of Rs 5 Each for Issue of Shares to the Shareholders of Demerged Company Aarti Industries limited

Aarii Pharmalabs limited was 100% Subsidiary of Aarti Industries limited. As per the order of NCLT, upon scheme becoming effective, original share capital of Rs 25 Lakhs stands automatically cancelled and reinstated to Rs 4531 30 lakhs by payment of applicable stamp duty and compliance of ROC formalities. As at Balance Sheet date 31st March 2022, ROC formalities with respect to increase in authorised share capital allotment of share capital and cancellation of existing share capital were pending and hence, the share capital of Rs. 25 Lakhs, existing on the balance sheet date is shown as 'Share Capital Pending Cancellation'

11.1 Reconciliation of number of Equity Shares outstanding:

| Particulars | As at 31st Dec 2022 | As at 31st March, 2022 | As at 31st March, 2021 |
|--|------------------------|---------------------------|---------------------------|
| | No' Of Shares | No' Of Shares | No' Of Shares |
| Equity Shares at the beginning of the year | 2,50,000 | 2,50,000 | 2,50,000 |
| Add. Shares issued during the year Pursuant to the Scheme of Arrangement | 9,06,26,008 | | |
| Less Shares Cancelled Pursuant to the Scheme of Arrangement | 2,50,000 | | |
| Equity Shares at the end of the year | 9,06,26,008 | 2,50,000 | 2,50,000 |

11.2 Rights, preferences and restrictions attached to equity shares:

The Company has only one class of equity shares having per value of '5 each post Scheme of Arranment is Effective and the holder of the equity share is entitled to one vote per share. In the event of liquidation of the company, the holders of equity shares will be entitled to receive the remaining assets of the Company in proportion to the number of equity shares held.

Independent Auditors' Report on Audit of Standalone Financial Results for the year-to-date financial results for the period 1 April 2022 to 31 December 2022.

To Board of Directors of Aarti Pharmalabs Limited

Report on the Audit of the Standalone Financial Results

Opinion

We have audited the accompanying standalone year to date financial results of Aarti Pharmalabs Limited ("the Company") for year-to-date results for the period from 1 April 2022 to 31 December 2022, attached herewith, being submitted by the Company pursuant to regulatory requirements required for the purpose of filing application to exchanges for obtaining trading approval of its equity shares.

In our opinion and to the best of our information and according to the explanations given to us these standalone year to date financial results:

- 1. are presented in accordance with the regulatory requirements required for the purpose of filing application to exchanges for obtaining trading approval of its equity shares.
- 2. give a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS-34") prescribed under section 133 of the Companies Act 2013 read with relevant rules thereunder and other accounting principles generally accepted in India of the net profit and total other comprehensive income, and other financial information of the Company for year to date results for the period 1 April 2022 to 31 December 2022.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Standalone Financial Results

These year-to-date standalone financial results have been prepared on the basis of the interim financial statements. The Company's Board of Directors are responsible for the preparation of these financial results that give a true and fair view of the net profit and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, 'Interim Financial Reporting' prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with regulatory requirements.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial results, the management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management and the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the interim standalone financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the interim condensed standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the interim condensed standalone financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

I. Comparative Audited Standalone Financial Results

a) The comparative audited standalone annual financial results for the period 1 July 2021 (Appointed date) to 31 March 2022 of pharma business undertaking were audited by erstwhile statutory auditors, Kirtane & Pandit, LLP (FRN: 105215W/W100057), Chartered Accountants of Aarti Industries Limited (demerged company) whose annual auditors report dated 27 May 2022 had expressed an unmodified opinion on financial statements.

b) The comparative audited annual financial results of the Company for the year ended 31 March 2022 (prior to giving effect to scheme of arrangement) were audited by erstwhile statutory auditors of the Company, Jatin Vora & Associates, LLP (FRN: 118024W), Chartered Accountants of Aarti Pharmalabs whose annual auditors report dated 20 May 2022 had expressed an unmodified opinion on

financial statements.

c) The comparative audited annual financial results of the Company for the year ended 31 March 2021 (prior to giving effect to scheme of arrangement) were audited by erstwhile statutory auditors of the Company, Jatin Vora & Associates, LLP (FRN: 118024W), Chartered Accountants of Aarti Pharmalabs whose annual auditors report dated 15 May 2021 had expressed an unmodified opinion on financial statements.

Our opinion is not modified in respect of above matters.

II. Effect of Scheme of Arrangement

- a) The Scheme of Arrangement for the demerger of Pharma Business Undertaking from Aarti Industries Limited ("the demerged company") to its wholly owned subsidiary Aarti Pharmalabs Limited ("the resulting company" or "the Company") between the two companies and their respective shareholders under Sections 230 to 232 of the Companies Act, 2013 ("Act') and all other applicable provisions of the Companies Act, 2013 ("the Scheme") was approved by Honourable National Company Law Tribunal (NCLT), Ahmedabad Bench on 21 September 2022. Accordingly, all the assets and liabilities pertaining to the Pharma Business Undertaking, including supporting manufacturing units, employees, cash and cash equivalents and investments (including investments in subsidiaries and joint ventures), as defined in the Scheme, stand transferred and vested into the resulting company from its Appointed Date i.e., from 1 July 2021.
- b) Pending receipt of the NCLT Order approving scheme of arrangement, financial statements of the Demerged Company (before giving effect to scheme of arrangement) for the year ended 31 March 2022 were approved by the Board of Directors of Demerged Company in their meeting held on 27 May 2022 and audited by erstwhile statutory auditors (refer para I (a) above). Subsequently, the same were approved by their shareholders in the general meeting held on 26 September 2022

- c) We, Gokhale & Sathe, Chartered Accountants (FRN: 103264W) were appointed as statutory auditors of the Company to fill casual vacancy caused due to resignation of Jatin Vora & Associates, Chartered Accountants, through resolution passed by shareholders of the Company through postal ballot on 10 January 2023.
- d) The management approached us to perform agreed upon procedures on standalone financial results prepared to give effect to scheme of arrangement. Accordingly, we have performed agreed upon procedures as per Standard on Related Services (SRS) 4400, "Engagements to Perform Agreed-upon Procedures regarding Financial Information", issued by the Institute of Chartered Accountants of India and we report that as follows:
 - standalone financial results of pharma business undertaking prepared by the management of the Company for period from 1 July 2021 to 31 March 2022 is as per accounting treatment and information mentioned in the scheme.

 It is drawn from standalone financial statements prepared and audited by erstwhile statutory auditors of Demerged Company as mentioned in I (a) above.

 It is extracted from the books of accounts maintained by the Company having records/information maintained for pharma business and speciality chemical business.

| Borrowings (In the Ratio of Net Assets Transferred) | -725.68 |
| Total Liability | -967.14 |
| Excess of Assets over Liabilities | 1,169.94 |

B. Significant Accounting Policies

B.1 Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- a. Certain financial assets and liabilities that are measured at fair value; and
- b. Defined benefit plans Plan assets measured at fair value.

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) (Amendment) Rules, 2015 amended from time to time and other relevant provisions of the Act.

Company's Financial Statements are presented in Indian Rupees (`), which is also its functional currency and all values are rounded to the nearest Lakhs, except when otherwise indicated.

The financial statements of the Company for the Period ended 31.12.2022 were approved for issue in accordance with a resolution of the Board of Directors in its meeting held on 17th January, 2023

B.2 Critical Accounting Estimates, Assumptions and Judgments:

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in subsequent financial years.

(a) Useful Lives of Property, Plant and Equipment ("PPE")

Property, plant and equipment represents a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(b) Defined Benefit Plans (Gratuity)

A liability in respect of defined benefit plans is recognised in the balance sheet, and is measured as the present value of the defined benefit obligation at the reporting date less the fair value of the plan's assets and is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(c) Provisions and Contingent Liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

(d) Provision for Income Tax and Deferred Tax Assets

The Company uses estimates and judgements based on the relevant rulings in the areas of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax at the end of each reporting period.

B.3 Summary of Significant Accounting Policies

(a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as Current, when -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment (PPE)

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

(c) Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of intangible assets.

(d) Valuation of Inventories

Inventories are valued at Cost or Net Realizable Value whichever is lower.

Inventories have been valued on the following basis:

- a. Raw Materials, Packing Material, Stores and Spares Weighted Average cost or net realisable value, whichever is lower
- b. Work-in-Progress At cost plus appropriate allocation of overheads or net realisable value, whichever is lower
- c. Finished Goods At cost plus appropriate allocation of overheads or net realizable value, whichever is lower.

(e) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(f) Revenue Recognition

- (i) Revenue from Sale of Goods to customers is recognised when control of the goods is transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. Generally, control is transferred upon shipment of goods to the customer or when the goods are made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped. Sale of goods is recognized on dispatch of goods to customers and is recorded net of claims, etc., as considered appropriate. Revenue from Sale of Scrap and obsolete stores is accounted for at the time of disposal.
- (ii) Export entitlements are recognized on realization.
- (iii) Revenue in respect of Interest is recognized on the time proportion method.
- (iv) Industrial Promotion Incentive granted by State Government is recognised when claim in respect of Entitlement is made & admitted after close of yearly Sales Tax Assessment.
- (v) Dividend Income is recognised when the Company's right to receive the amount has been established.

(g) Government Grants

- Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.
- (ii) Government grants are recognised in Profit and Loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to Profit and Loss on a systematic and rational basis over the useful lives of the related assets.
- (iii) In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

(h) Depreciation/Amortization

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Shchedule II;

| 5r. No. | Particulars | Depreciation or Amortisation |
|---------|---|--|
| 1. | Leasehold Land | Over the remaining tenure of lease |
| 2. | Building | Over a period of 19 years |
| 3. | Plant & Machinery | Over its useful life as technically assessed, i.e over a |
| | | period of 19 years, based on the type of Equipment |
| 4. | Computers | Over a period of 2.5 years |
| 5. | Office Equipments | Over a period of 5 years |
| 6. | Furniture and Fixtures | Over a period of 10 years |
| 7. | Vehicles | Over a period of 7 years |
| 8. | Intangible Assets (Product Registration Rights) | Over a period of 5 years |

(i) Impairment of Assets

Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of net selling price of an asset or its value in use. Value in use is present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

(j) Foreign Currency Transactions

Foreign currency transactions are accounted at the rates prevailing on the date of the transactions. The exchange rate differences arising out of such transactions are approriately dealt in the financial statements in accordance with the applicables accounting standards.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

(k) Operating Leases

As a lessee:

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

As a lessor:

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Standalone Balance Sheet based on their nature. Leases of property, plant and equipment where the Company as a lessor has substantially transferred all the risks and rewards are classified as finance lease. Finance leases are capitalised at the inception of the lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognised in the Standalone Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

Under combined lease agreements, land and building are assessed individually.

(1) Finance Costs

Borrowing Costs other than those directly attributable to Qualifying Assets are recognised as expenses in profit or loss in the period in which they are incurred.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of the asset.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

(m) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities may arise from litigation, taxation and other claims against the Company. Where it is management's assessment that the outcome is uncertain or cannot be reliably quantified, the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote such contingent liabilities are disclosed in the notes but are not provided for in the financial statements.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

(n) Employee Benefits

Short-term Benefits

Short term employee benefits including accumulating compensated absences are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

Post-retirement Benefits

Defined Contribution Plans

Retirement Benefits in the form of Provident Fund which is a defined contribution schemes is charged to the statement of profit and loss for the period in which the contributions to the fund accrue as per the relevant statute.

Defined Benefit Plans

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed by the Company to the gratuity fund maintained with Life Insurance Corporation of India, exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurements of Defined Benefit Plans in respect of post-employment are charged to the Other Comprehensive Income.

(o) Taxes on Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in Equity, in which case, the tax is also recognised in Other Comprehensive Income or Equity.

Current Tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred Tax

Deferred tax is recognised on temporary differences between carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

Minimum Alternate Tax (MAT)

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period i.e., the period for which MAT Credit is allowed to be carried forward. The Company reviews the same at each balance sheet date.

p. Financial Instruments

Øè Financial Assets

1 Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

II Subsequent Measurement

(i) Financial assets measured at Amortised Cost (AC)

A financial asset is measured at Amortised Cost, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets measured at Fair Value Through Profit or Loss (FVTPL)

A financial assets, which are not classified in any of the above categories are measured at FVTPL.

III Equity Investments

All equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. Equity Investments in Subsidiaries are carried individually at cost less accumulated impairment, if any.

IV Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses, 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables, the Company applies 'simplified approach', which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk, full lifetime ECL is used.

Øè Financial Liabilities

I Initial Recognition and Measurement

All financial liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

II Subsequent Measurement

Financial liabilities are carried at amortised cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short maturity of these instruments.

Øè Derecognition of Financial Instruments

The Company derecognises a financial asset, when the contractual rights to the cash flows from the financial asset expires, or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet, when the obligation specified in the contract is discharged or expected or expires.

Øè Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

q. Earnings Per Shares

Basic earnings per share are calculated by dividing the Profit or Loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the Profit or Loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.
